

Biology  
Biome Project

Introduction:

A travel agency is hoping to improve their client base and have people travel to different parts of the world by increasing their advertising and selling more vacations. You have been hired to make a brochure to sell a travel package.

Task:

Develop a brochure on white paper that sells your vacation package.

Vacation Package areas and assigned person (this is not a group project!):

**Taiga (coniferous forest)** - Jaidin

Mikhi  
Falaysia

**Tropical Rain forest** - Kyra

Chelsea  
Breana

**Temperate grassland (prairie)** - Lauryn

Ryan  
Justin T

**Deciduous forest** - Emoria

Mia  
Brooke

**Ocean** - Justin M

Ashanti

**Tundra** - Aaron

Jayda  
Devon

**Desert** - Jonah

Matthew

Tamiah

**Savannah** - Davion

Keegan  
Chris

**Freshwater (lake, river, stream)** - Crystal

Jared  
Brian

Process:

- On your brochure be sure to include the following topics:
  - Plant life in the area
  - Animal life in the area
  - Best time of year to vacation there due to weather, what clothes should you bring
  - Landmarks, major cities, activities and places a tourist should visit related to that area
  - What part of the world you be traveling to
  - Are there any dangerous elements to traveling there
- Brochure is graded out of 20 points
  - 4 points possible - plant life (pictures and information)
  - 4 points possible - animal life (pictures and information)
  - 4 points possible - weather (patterns, seasons, clothes, etc)
  - 4 points possible - geography (map of the area, sites to see, activities, etc)
  - 4 points possible - overall presentation (creative, neat, clear to read, complete, etc)
